

## Project

Name: \_\_\_\_\_

Grade: \_\_\_\_\_

### School Food Garden

For a larger school whose goals include in-season food production for a cafeteria or food service program, the following design includes a variety of vegetables, flowers, and fruit:

#### Materials:

4 x 8' raised beds (12)

3.5' x 4.5' hexagonal raised bed (1)

1 compost bin

1 tool shed

1 in-ground pumpkin patch

mixed vegetables, flowers, and shrubs as noted above, plus:

- raspberries
- tomatoes

#### Consider Materials

With your new design in hand, consider what materials students and educators will need to make the most of your garden. This includes thinking about both the building and operational phases.
